Health Information Technology

2017-18

Associate in Science Degree in Health Information Technology

The Health Information Technology (HIT) Program prepares students for a career that places them right where the expanding arena of healthcare meets the cutting edge of technology. HIT professionals are the experts on patient data that consumers need to manage their own health and which healthcare providers rely on to perform their jobs. By collecting, maintaining, and analyzing health information, their work makes an important contribution to the delivery of quality care.

Graduates of this program will be granted an Associate of Science Degree in Health Information Technology. The HIT program is accredited by the Commission on for Health Informatics and Information Management Education (CAHIIM). A graduate may take the national certifying exam to become a Registered Health Information Technician (RHIT).
