

Psychology

Natalie Di Nicola

Submitted by Leida Tolentino, Stanley Bursten

Natalie has maintained an impeccable record throughout her tenure at SBCC. She has excelled both academically and in her role as a psychology department tutor. Natalie was one of the best students I have taught in my developmental psychology course, demonstrating wisdom beyond her years in the application of course concepts. She has performed at similarly high levels in all of her psychology courses. In addition, Natalie has helped students succeed by tutoring a range of courses from the foundational to the advanced. Her exemplary work is recognized by all faculty who have had the pleasure of witnessing her level of dedication to her major field of study. For this reason, Natalie is selected for the second time as Outstanding Psychology Student Of the Year.

Natalie's Words of Gratitude

It is an honor to be recognized in a field I feel so passionate about, and I want to thank the individuals who have helped me find success at SBCC: Dr. Stan Bursten, I am so grateful for the opportunities you have given me. Dr. George Ayoub, thank you for inspiring me to take charge, and to help others.

Dr. Spencer Sherman, you have taught me to reimagine my reality, and I am grateful for your guidance on how we can begin to heal our world.

Dr. Janice Lawson, thank you for your compassion and encouragement.

Dr. Vandana Gavaskar, thank you for being an incredible role model, and for giving me the opportunities that you have.

And of course, I have to thank my friends and family who have always supported me.

I am so grateful to be an SBCC student, knowing that I'm part of an institution that truly wants their students to find success.
